A class action has been authorized on behalf of all residents of Quebec who purchased or leased a **2014 to 2016 RAM 1500 or Jeep Grand Cherokee vehicles**, equipped with a **3.0-litre EcoDiesel engine**.

The representative plaintiff alleges that the vehicle manufacturer (FCA) and its suppliers (VM Motori and Bosch) produced and installed illegal defeat devices in these vehicles in order to evade emissions laws and provide otherwise unattainable performance results.

The defendants deny these allegations and are contesting the class action.

However, if you are included in the class action, your rights may be impacted. **If you wish to remain a class member, you do not need to take any steps at this time.** If you wish to opt out, you have until **May 2, 2022** to advise Class Counsel (identified below) and the clerk of the Superior Court of Quebec, District of Montreal, at 1 Notre Dame Street East, Montreal, Quebec, H2Y 1B6, by registered mail.
